Refresh

STUDY English, **VOLUNTEER** during your break, and **REFRESH** your English language skills after your volunteer and travel experience!

Take part in a variety of volunteer projects to make a positive impact and promote intercultural exchange. Our volunteer projects give our students the chance to meet the locals, improve their English language skills and boost their CV!

BBELS VOLUNTEER PROGRAMS INCLUDE FIELDS SUCH AS:

Animal welfare: Volunteer at a Koala Care Centre, help organise fundraisers, provide a home care for koalas, conduct educational talks, maintain the nursery, lobby local councils and provide administrative support.

Tourism/Aboriginal Culture: Get to know Byron's locals by volunteering at our beautiful lighthouse as a tourist guide. The volunteer will work in shifts in the lighthouse museum and/ or information centre, and will also get the chance to work with Aboriginal and marine-life staff.

Environmental Management: This volunteer program is great for people with a love of the outdoors and interest in the environment. Provide a healthy, diverse and sustainably managed environment by working hands-on in an Australian national park.

Social Work: Volunteering for Sailability will provide many amazing personal rewards. What better way of spending a few hours than sailing in Lennox Head?

Evolve through meeting and interacting with a diverse range of wonderful and inspiring people with various disabilities.

Marine Life Protection: Volunteer at a dolphin centre in Byron Bay, or south of Perth in Western Australia. Get involved in taking care of the tourists as a tour guide, and supporting the dolphin programs and research.

Permaculture: If you are passionate about healthy and organic food, then you will love volunteering at the community gardens close to Byron Bay. Work hands-on to support the 'Food for All' initiative, and organising fundraising events to promote the community gardens.

Football coaching: This program provides talented football players the opportunity to compliment their English studies with relevant FIFA qualifications. It also involves community integration at a club level, and allows students to work at the junior and senior levels within the local district in a paid position.
