# Services and Environment Safe for Minors

## Designated Program for Minors

This program is designed specifically for minors with the same start and end dates, similar levels, and the same age group. Students will help each other, creating a supportive environment and lasting friendships.

## Homestays or Supervised Residences\*

Students can stay with host families or supervised residences. Both offer a safe, supportive environment to immerse in Japanese culture and focus on learning.

\*Supervised Residences have limited availability, and those for ages 14-15 are currently full, with a waiting list available. If no space is available, a homestay will be arranged.

## Airport Pick-Up

A representative will greet the student at the airport and take them safely to their accommodation. We can also coordinate with Unaccompanied Minor Services provided by airlines, ensuring a smooth, worry-free arrival.

## 24/7 Emergency Contact

We offer 24/7 support via phone and email for any emergency. Whether it's day or night, students can reach us anytime for quick assistance, providing peace of mind to both students and parents.

## Safe Country and Easy Access

Japan, especially Fukuoka, is one of the safest cities globally, with low crime rates and excellent public safety. The city's convenient public transport and quick emergency services ensure a safe and enjoyable experience.

## Exchanges with Japanese High School!

GenkiJACS Fukuoka partners with a local high school, offering you the chance to visit and hang out with Japanese High schoolers! Practice real Japanese, make new friends, and create memories with people your age from around the world!

## Friendly, Safe School Staff

Our friendly and experienced teachers and staff create a positive atmosphere at school. They are always available to guide students, ensuring a safe and enriching learning experience in Japan.
